NEOS TIMELINE

From starter template to operating system rebuild

Current coverage: Stage 1A first shell UI pass.

How to read this

STAGE 1A

First Shell UI Pass

IMPORTANT CODE

The first shell composition

```
export function DesktopShell(): ReactElement {
  return (
    <main className="neosShell">
      <div className="wallpaper" aria-hidden="true" />
      <section aria-label="Desktop surface" className="desktopSurface" />
      <Taskbar ... />
      {launcherOpen ? <LauncherOverlay apps={launcherApps} onClose={...} />
: null}
      {bootVisible ? <BootOverlay /> : null}
    </main>
  );
}
```
